## A BILL

To amend title XVIII of the Social Security Act to expand the availability of medical nutrition therapy services under the Medicare program.

1 *Be it enacted by the Senate and House of Representa-*  
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Medical Nutrition  
5 Therapy Act of 2021”.

6 **SEC. 2. FINDINGS.**

7 Congress finds the following:

1           (1) Over two-thirds of Medicare fee-for-service  
2 beneficiaries have two or more chronic conditions,  
3 many of which can be prevented, delayed, treated, or  
4 managed through nutrition.

5           (2) Individuals from many racial and ethnic mi-  
6 nority backgrounds are more likely to be diagnosed  
7 with chronic diseases such as diabetes, prediabetes,  
8 chronic kidney disease, end-stage renal disease, and  
9 obesity.

10          (3) The Centers for Disease Control and Pre-  
11 vention finds that individuals are at an increased  
12 risk of severe illness from COVID–19 if they have  
13 cancer, chronic kidney disease, diabetes, heart condi-  
14 tions such as health failure or coronary artery dis-  
15 ease, or obesity.

16          (4) Coverage for medical nutrition therapy is  
17 only available to Medicare part B beneficiaries with  
18 diabetes or a renal disease, despite medical nutrition  
19 therapy being part of the standard of care, in clin-  
20 ical guidelines, and medically necessary for many  
21 more chronic conditions.

22          (5) Medical nutrition therapy has been shown  
23 to be a cost-effective component of treatment for  
24 obesity, diabetes, hypertension, dyslipidemia, HIV

1 infection, unintended weight loss in older adults and  
2 other chronic conditions.

3 **SEC. 3. EXPANDING THE AVAILABILITY OF MEDICAL NU-**  
4 **TRITION THERAPY SERVICES UNDER THE**  
5 **MEDICARE PROGRAM.**
